學士後中醫學系注意事項

Note of School of Post-Baccalaureate Chinese Medicine

1.

Career Opportunities:

Graduates can either enter the clinical practice of Chinese medicine or go on to postgraduate studies on basic and clinical research.

Aims and Objectives:

- To combine talents from many branches of learning in basic and clinical research of Chinese medicine.

- To engage our technical staff in the modernization of Chinese medical diagnostic and therapeutic equipment.

- To cultivate investigators of Chinese medical heritage and explicate traditional Chinese medical literature.

- To bring together experts from various fields for the on-going development and modernization of Chinese medicine.

2. Credit

(1)Students must complete compulsory courses and elective courses between 1th~3th grade before Western medicine probation. The arrangement of clerkship and internship courses is based on the principle of 40 hours per week and 1 credit for practice courses. Grades 4 to 5 have a full-year off-campus internship program.

(2)The department has a five-year system. The minimum graduation credits are 232 credits (including elective courses, 32 credits Western medicine probation and 45 credits TCM practice).

(3)The elective courses at least 23 credits (including physical education). Can’t registering for upper-level courses.
